Late 19th century

Jacob Beckett Farm
Accident
Private

The Jacob Beckett Farm is located on Collier Road, near Route 219S. The house has a view of fields and Northern High School to the West.

The house is a two-story, gable-roofed dwelling with a three bay, center-door facade. The facade points NW. The ground slopes down from NW to SE, creating a basement story at the rear of the house. An enclosed, hipped-roofed, one-story sunporch runs the length of the facade and a hipped-roofed, one story plus basement addition runs the length of the rear (SE) elevation.

DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

The Jacob Beckett Farm is located on Collier Road, near Route 219S. The house has a view of fields and Northern High School to the West.

The house is a two-story, gable-roofed dwelling with a three bay, center-door facade. The facade points NW. The ground slopes down from NW to SE, creating a basement story at the rear of the house. An enclosed, hipped-roofed, one-story sunporch runs the length of the facade and a hipped-roofed, one story plus basement addition runs the length of the rear (SE) elevation.

The house rests on a coursed stone foundation and the constructed walls are covered with aluminum siding. The windows are two over two sash, and all surrounds have been obscured by the aluminum siding. The roof is covered with corrugated metal.

The house has two exterior brick stone chimneys, one on each gable end. Slightly to the SW of center at the ridgeline of the roof is a patch where a chimney may have been removed. The addition on the SE elevation rests on a cinderblock foundation. The facade sunporch is covered with aluminum German siding and its roof is covered with asphalt shingles.

The interior has a central enclosed staircase, but is otherwise unknown. The site includes a frame bank barn.
